

# HAL LATH BU0600

HAL LATH

## PRODUCT DETAILS

HAL Lath provides a reinforced backing for stucco, masonry and cultured stone. It brings our quality HALTEX 60 Minute building paper together with a high grade 16 gauge 2" x 2" welded wire lath to create a product that leads the industry in moisture protection and wall subsystem reinforcement. HAL Lath is engineered for superior rigidity, easy installation and excellent moisture protection. 1/4" furring provides for consistent embedment thickness, paper backing provides moisture protection and reduces waste during rainscreen applications, lined kraft suction paper ensures quick, easy, and accurate placement of fasteners. HAL Lath, combines building paper and lath into a single product that greatly reduces labour time and increases the accuracy of installations.
